

## Reminder to future 7<sup>th</sup> graders

Students entering the 7<sup>th</sup> grade are required by state law to have one dose of Tdap (tetanus, diphtheria, pertussis) vaccine and one dose of the Meningococcal conjugate vaccine. Students that have not received a 2<sup>nd</sup> dose of Varicella will also be required to receive prior to starting 7<sup>th</sup> grade.

Our goal is to ensure that all students have a smooth transition into each school year. In order to facilitate this for the 2017/18 school year, we are asking to receive an updated immunization record by August 16<sup>th</sup>, 2017. That will give us time to update your child's records before the first day of school. We encourage you to obtain the immunizations as soon as possible and provide a copy of the record to the clinic.

Immunizations required are:

Tdap

Meningococcal

Check with your doctor to see if your child has already received and provide a copy to the clinic ASAP.

Your child **WILL NOT BE ALLOWED TO RECEIVE THEIR SCHEDULE** and will **NOT BE ALLOWED TO START SCHOOL** if we do not have an updated immunization record or affidavit.

Thank you,

Casey Landrum BSN, RN                      832-375-7211                      email [clandrum1@kleinisd.net](mailto:clandrum1@kleinisd.net)
